SUMMARY

- Highly motivated IT student with a passion for Software Development and AI. Skilled in building and deploying web applications with experience in project management. Proficient in the MERN stack and Java Full stack development.
- Seeking an opportunity to contribute to impactful projects and enhance my technical expertise. Develop innovative solutions by leveraging my knowledge in data structure, algorithms, and Emerging technologies to solve problems.

SKILLS

- Frontend:** HTML, CSS, React JS, Tailwind , Flutter.
- Backend & DB:** Node JS, Express JS, SQL, Mongo DB.
- AIML:** Python, Machine learning, EDA.
- Core skills:** Java, DSA, OOPs, DBMS, OS.
- Others:** Leadership, Time management, Figma, Git, Postman, Android studio .

PROJECTS

- Full-Stack **AI-based Farmer Advisory & Support system** [GitHub](#) | [Live](#)
Personalized crop advisory, Weather alerts, Market price updates, Fine-tuned chatbot, Expert connect
Tech stack: Flutter, Node JS, Mongo DB, MySQL, Market price API, Weather API, Government Scheme API
- AIML **AI Code Reviewer** [GitHub](#) | [Live](#)
Supports multiple languages, detects bugs, rates code quality, auto-fix options, and code reviews.
Tech stack: React JS, Tailwind CSS, Monaco Editor, Google studio API
- App Dev **Smart Attendance Tracker App** [GitHub](#) | [Live](#)
Authentication & Security, Geo Fencing, WIFI & Device Verification, Calendar View, History Management
Tech stack: Flutter, Node JS, Express JS, Neon (PostgreSQL), Geo-Fence, Gradle, Android Studio
- AIML **Tamil Song Recommender** [GitHub](#) | [Live](#)
Song similarity search, lyrics-based recommendation, Streamlit web app UI, Tamil songs dataset.
Tech stack: React JS, Python, pandas, Hugging face, Sentence transformer, Streamlit

EDUCATION

- 2023 - 2027 **Easwari Engineering College, Chennai** **Undergraduate**
B.Tech Information Technology - CGPA: 8.27
- 2011 - 2023 **NS boys higher secondary school, Theni** **School**
HSC : 88% - PCMB

EXPERIENCE

- Aug/2025 **-Student Intern** **1M1B (1 Million 1 Billion)**
Oct/2025 Worked on MERN stack to build a Waste Reduction Habit Tracker for logging daily waste and tracking reduction trends. Integrated analytics dashboards, leaderboards, and gamification to promote eco-friendly habits and community impact.
- Jan/2025 **-Java Full Stack Intern** **ZIDIO Development**
Apr/2025 Worked on Core Java and Spring Framework. Built scalable web apps with REST APIs, frontend integration, and deployed projects like an Expense Tracker with role-based access.

ACHIEVEMENTS

- Innovate & Inspire season 13 winner - coding contest.
- SIH-2024 & 2025 College level finalist

Certifications:

- **Oracle:** Java Certification
- **Udemy:** Full stack web development
- **NPTEL:** Competitive programming

Coding Profiles:

- [LeetCode](#) – 750+ Problems solved
- [GeeksforGeeks](#) – 200+ Problems solved
- [Hackerrank](#) – 3 Certifications & Problem solving
- [CodeChef](#) – 8+ Contests with good rank
- [CodeForces](#) – 2+ Contests with good rating
