## SUMMARY

- Highly motivated IT student with a passion for Software Development and AI. Skilled in building and deploying web applications with experience in project management. Proficient in the MERN stack and Java Full stack development.
- Seeking an opportunity to contribute to impactful projects and enhance my technical expertise. Develop innovative solutions by leveraging my knowledge in data structure, algorithms, and Emerging technologies to solve problems.

## SKILLS

**Frontend:** React JS, Tailwind CSS , Flutter.

**Backend & DB:** Node JS, Express JS, SQL, Mongo DB.

**Programming & Core CS:** Java, Python, DSA, OOPs, DBMS, OS.

**AIML:** Machine learning Algorithms, EDA.

**Tools:** Git, AWS, Docker, Figma, Android studio, Postman, Hugging Face .

## PROJECTS

Full-Stack	<b>Farmer Advisory &amp; Query Support System</b> Personalized crop advisory, Weather alerts, Market price updates, Fine-tuned chatbot, Expert connect Tech stack: Flutter, Node JS, Mongo DB, MySQL,Market price API, Weather API, Government Scheme API	<a href="#">GitHub</a>   <a href="#">Live</a>
AIML	<b>Real-Time Freshness Indicator</b> CNN-based model with non-linear decay analysis to estimate fruit and vegetable shelf life, and deployed Tech stack: React JS, Tailwind CSS, Flask, Tensorflow, Keras, Docker, Hugging face,	<a href="#">GitHub</a>   <a href="#">Live</a>
AIML	<b>AI Code Reviewer</b> Supports multiple languages, detects bugs, rates code quality, auto-fix options, and code reviews. Tech stack: React JS, Tailwind CSS, Monaco Editor, Google studio API	<a href="#">GitHub</a>   <a href="#">Live</a>
App Dev	<b>Smart Attendance Tracker App</b> Authentication & Security, Geo Fencing, WIFI & Device Verification, Calendar View, History Management Tech stack: Flutter, Node JS, Express JS, Neon (PostgreSQL), Geo-Fence, Gradle, Android Studio	<a href="#">GitHub</a>   <a href="#">Live</a>

## EDUCATION

2023 - 2027	<b>Easwari Engineering College, Chennai</b> B.Tech Information Technology - CGPA: 8.27	Undergraduate
2011 - 2023	<b>NS Boys Higher Secondary School, Theni</b> HSC : 88% - PCMB	School

## EXPERIENCE

Dec/2025 Present	<b>AIML Intern</b> Developing an Industrial safety monitoring system for PPE compliance, fall and fire detection using OpenCV and Deep Learning Techniques. Tech stacks: OpenCV, AWS S3, ResNet, RTSP	<b>Ethical Intelligent Technologies LLP</b>
Jan/2025 Apr/2025	<b>Java Full Stack Intern</b> Worked on Core Java and Spring Framework. Built scalable web apps with REST APIs, frontend integration, and deployed projects like an Expense Tracker with role-based access.	<b>ZIDIO Development</b>

## ACHIEVEMENTS

- Innovate & Inspire season 13 winner - coding contest.
- SIH-2024 & 2025 College level finalist

### Certifications:

- **Oracle:** Java Certification
- **Udemy:** Full stack web development
- **NPTEL:** Competitive programming

### Coding Profiles:

- [LeetCode](#) – 800+ Problems solved
- [GeeksforGeeks](#) – 200+ Problems solved
- [Hackerrank](#) – 3 Certifications & Problem solving
- [CodeChef](#) – 8+ Contests with good rank
- [CodeForces](#) – 2+ Contests with good rating
