SUMMARY

- Highly motivated IT student with a passion for Software Development and AI. Skilled in building and deploying web applications with experience in project management. Proficient in the MERN stack and Java Full stack development.
- Seeking an opportunity to contribute to impactful projects and enhance my technical expertise. Develop innovative solutions by leveraging my knowledge in data structure, algorithms, and Emerging technologies to solve problems.

SKILLS

Frontend: React JS, Tailwind CSS , Flutter.

Backend & DB: Node JS, Express JS, SQL, Mongo DB.

Programming & Core CS: Java, Python, DSA, OOPs, DBMS, OS.

Gen AI: RAG, Langchain, Vector DB, MCP Servers

Tools: Git, AWS, Docker, Figma, Android studio, Postman, Hugging Face .

PROJECTS

Gen AI	Personal Information Chaos Manager Developed a production-grade document intelligence system enabling secure upload, semantic search, OCR-based extraction, and deterministic AI-driven question answering with zero-hallucination validation. Tech stack: React, Tailwind CSS, Flask, MongoDB, Pinecone, AWS S3, Hugging Face, Docker	GitHub Live
AIML	Real-Time Freshness Indicator CNN-based model with non-linear decay analysis to estimate fruit and vegetable shelf life, and deployed Tech stack: React JS, Tailwind CSS, Flask, Tensorflow, Keras, Docker, Hugging face,	GitHub Live
Full-Stack	Farmer Advisory & Query Support System Personalized crop advisory, Weather alerts, Market price updates, Fine-tuned chatbot, Expert connect Tech stack: Flutter, Node JS, Mongo DB, MySQL,Market price API, Weather API, Government Scheme API	GitHub Live
App Dev	Smart Attendance Tracker App Authentication & Security, Geo Fencing, WIFI & Device Verification, Calendar View, History Management Tech stack: Flutter, Node JS, Express JS, Neon (PostgreSQL), Geo-Fence, Gradle, Android Studio	GitHub Live

EDUCATION

2023 - 2027	Easwari Engineering College, Chennai B.Tech Information Technology - CGPA: 8.13	Undergraduate
2011 - 2023	NS Boys Higher Secondary School, Theni HSC : 88% - PCMB	School

EXPERIENCE

Dec/2025 Present	AIML Intern Developing an Industrial safety monitoring system for PPE compliance, fall and fire detection using OpenCV and Deep Learning Techniques. Tech stacks: OpenCV, AWS S3, ResNet, RTSP	Ethical Intelligent Technologies LLP
Jan/2025 Apr/2025	Java Full Stack Intern Worked on Core Java and Spring Framework. Built scalable web apps with REST APIs, frontend integration, and deployed projects like an Expense Tracker with role-based access.	ZIDIO Development

ACHIEVEMENTS

- Innovate & Inspire season 13 winner - coding contest.
- SIH-2024 & 2025 College level finalist

Certifications:

- **Oracle:** SE 17 Java Developer Certification
- **Cisco:** CCNA 1,2,3 Certifications
- **Udemy:** Full stack web development

Coding Profiles:

- [LeetCode](#) – 900+ Problems solved
- [GeeksforGeeks](#) – 250+ Problems solved
- [Hackerrank](#) – 3 Certifications & Problem solving
- [CodeChef](#) – 20+ Contests with good rank
- [CodeForces](#) – 2+ Contests with good rating
