SUMMARY

A passionate B.Tech Information Technology student with strong problem-solving skills in Data Structures and Algorithms. Full-stack developer and creative thinker with a keen interest in AI and emerging technologies. Quick to adapt, always learning, and driven to build impactful solutions. Known for taking initiative, thriving in team environments, and turning complex challenges into elegant, practical solutions.

SKILLS

Frontend:	HTML, CSS, React JS.
Backend:	Spring framework, Node JS, Express JS.
Database:	SQL, Mongo DB
Languages:	Java, Python, C++, C.
Others Skill:	Leadership, Time management.

PROJECTS

Java Full-Stack   **Quiz App**   **GitHub**

Developed a dynamic Quiz Application using JavaFX with JDBC integration and SQL database support. The app features a user-friendly interface, real-time score tracking, and secure question management. Designed to demonstrate both front-end interactivity and robust backend connectivity.

Full-Stack   **Online Voting App**   **GitHub**

Built a secure and user-friendly Online Voting System using PHP, HTML, CSS, JavaScript (Chart.js), and SQL. The system allows real-time vote casting and result visualization through interactive charts, ensuring transparency and a smooth user experience.

Web Development   **Weather App**   **GitHub**

Created a responsive Weather App using HTML, CSS, JavaScript, and a weather API to display real-time forecasts. Features include dynamic temperature updates, location-based data, and a clean, intuitive UI for seamless user experience.

Web Development   **To-Do List**   **GitHub**

Developed a sleek To-Do List application using HTML, CSS, and JavaScript with local storage integration. Enables users to add, delete, and persist tasks seamlessly, offering a clean UI and smooth user interaction without any backend.

EDUCATION

2023 - 2027   **Easwari Engineering College, Chennai**   **Undergraduate**

My college experience has been instrumental in shaping my core computer science knowledge, pushing me to think critically, build real-world projects, and stay ahead in the fast-evolving tech landscape.

2011 - 2023   **Nadar saraswathi boys higher secondary school, Theni**   **School**

Completed schooling with a strong academic record in PCM, consistently demonstrating discipline, focus, and a passion for learning.

EXPERIENCE

Jan/2025 Apr/2025   –**Java Full Stack Intern**   **ZIDIO Development**

Completed a hands-on Java Full Stack Developer internship with a strong focus on Core Java and the Spring Framework. Gained practical experience in building scalable web applications using Spring Boot, REST APIs, and modern frontend tools. Successfully developed two full-fledged projects, including an Expense Tracker with role-based access control and integrated security features. Strengthened skills in end-to-end application development, debugging, and deployment.
